

## BEAUTIFUL VIEWS AND CLOSE TO GREAT RECREATION

Designed by Comma Q Architects and built by Swanson Construction the house is at the end of the paved lane nestled against the hillside on 20 acres with gorgeous views of Bridger Canyon. The exterior of stone and wood with reused materials fits perfectly in the setting. The 3269 sq. ft. house is intimate with the Master Suite on the main level. Two additional bedrooms a large bathroom and sitting room are upstairs. The main floor has mudrooms, a lovely Kitchen with Viking blue range and refrigerator/freezer and farm sink, soapstone counters. A Tulikivi stove keeps it cozy. An attached 2 car garage and an artist studio provide more options.
